

Traditional wedding anniversary gifts

Here's a handy list of wedding anniversary gifts if you're wondering what gift/s to give your partner, parents, friends, siblings or adult children for their wedding anniversary.

But you don't have to stick to it.

In a recent survey of Wedding Anniversary Gifts by It's In The Stars, we found that couples tend to stick to the traditional wedding anniversary gifts only for the first few years of marriage and then they tend to give each other what they want. Many couples prefer to go away for the weekend too, after they've been married for a few years.

One of the most thoughtful gifts you can give any couple is the ability to discover the magic in each other and their relationship. Why not give them a beautifully designed, hardcover LoveStars report, printed on luxuriously thick 100gsm premium paper, or, if you don't know their birth details, a boxed LoveStars gift certificate that they can redeem for their own LoveStars report from <http://www.itsinthestaronline.com>. They'll love reading the fun and fascinating insights together!
